

Floodlighting

Foundation Bolt Assemblies

Foundation bolt assemblies are used in conjunction with a reinforcing cage to make up a typical lighting column foundation. The range has models to fit every Urban Lighting Group column, and custom sizes are available.

All foundation bolt assemblies are made from hot dip galvanized steel, and come with a template for easy installation.

Models

Model code	Bolts	Style	PCD	Height
UBA-M20X233	4 x M20	U bolt	233mm	460mm
UBA-M20X350	4 x M20	U bolt	350mm	560mm
UBA-M24X350	4 x M24	U bolt	350mm	560mm
UBA-M30X350	4 x M30	U bolt	350mm	665mm
UBA-M30X500	4 x M30	U bolt	500mm	765mm
FBA-8XM30X500	8 x M30	J bolt	500mm	1000mm
FBA-12XM30X650	12 x M30	J bolt	650mm	1000mm
FBA-12XM30X800	12 x M30	J bolt	800mm	1000mm
FBA-12XM30X900	12 x M30	J bolt	900mm	1000mm
FBA-12XM36X600	12 x M36	J bolt	600mm	1100mm
FBA-12XM36X750	12 x M36	J bolt	750mm	1100mm
FBA-12XM36X800	12 x M36	J bolt	800mm	1100mm
FBA-12XM36X850	12 x M36	J bolt	850mm	1100mm
FBA-12XM36X900	12 x M36	J bolt	900mm	1100mm
FBA-12XM36X1000	12 x M36	J bolt	1000mm	1100mm
FBA-16XM36X900	16 x M36	J bolt	900mm	1100mm
FBA-12XM36X1000	16 x M36	J bolt	1000mm	1100mm
